

FORAKER'S PLANS ALL VOTED DOWN

Ohio Republican State Committee Refused to Accept His Friends' Suggestions.

PRIMARY PLAN WAS ADOPTED

Members of Party Will Express Their Choice for President by Direct Vote at Primaries Feb. 11.

Columbus, O., Jan. 2.—The Republicans of Ohio will be given an opportunity to express by direct vote their choice of the party's candidate for president at primaries to be held on Feb. 11, when delegates and alternates to the Republican state convention will be elected. The convention will be held in Columbus on March 3 and 4, and it will select, in addition to four delegates at large to the Republican national convention, candidates for governor and other state offices.

The call for the primaries and convention was adopted this evening by the Republican state central committee after a protracted and lively session. The friends of William H. Taft, secretary of war and candidate for the Republican nomination for president, casting 14 votes to 7 for the supporters of Senator Foraker, also an avowed candidate for the presidency. The vote stood 14 to 7 on every proposition which required a roll call except the selection of a temporary chairman of the state convention. James R. Garfield, secretary of the interior, the choice of the Taft supporters, received 10 votes to 8 for Harry M. Daugherty of Columbus. Richard McCloud of London, a close personal friend of Mr. Daugherty but a Taft supporter, voted for him as against Mr. Garfield. The state committee decided that it had nothing to do with the selection of national delegates in the congressional district and declined to make any suggestion in regard thereto.

The committee met early in the afternoon and after a short session appointed a subcommittee to draft a call for the primaries and convention. This committee called on Gov. Harris during the recess to consult his views in regard to the call. A committee representing the supporters of Senator Foraker also called on the governor and asked him to permit his name to be presented for chairman of the state convention, but the governor declined.

The call reported by the subcommittee and adopted by the general committee by a vote of 14 to 7, one of the most elaborate ever issued by a state committee.

Several amendments to the call were proposed by the friends of Senator Foraker, but in each case they were voted down. The chief fight was made against the direct primary plan for the selection of delegates to the state convention. This proposed that delegates to county conventions be chosen by direct vote, the county convention to choose delegates to the state convention.

The call as adopted provides for a total of 185 delegates to the state convention. The Australian ballot is to be used in the primary. If petition bearing the names of candidates for delegates may be printed under the name of the person who may be their choice for presidential candidate. The unit rule in the election of delegates will be observed in all except Cuyahoga and Hamilton counties, which may be divided into districts. Provision is made for challengers at the polls, which will be open from 1 to 7 p. m., February 11.

TAFT ENDORSED.
Cleveland, O., Jan. 2.—At a meeting here today the Republican congressional committee of the Nineteenth district of Ohio, to make arrangements for the district convention, Sen. Taft's endorsement of the direct primary plan was held Feb. 18, and the delegates will meet at Warren.

ROCKEFELLER GIVES CHICAGO UNIVERSITY \$2,191,000

Chicago, Jan. 2.—Martin A. Ryerson, president of the board of trustees of the University of Chicago, announced today that John D. Rockefeller has added \$2,191,000 to his gifts to the university, making the total of his benefactions over \$23,000,000. It is also reported that the head of the Standard Oil company has offered to trouble all contributions to the memorial library which the university is trying to erect in honor of Wm. R. Harper, its first president. The trustees have already received \$135,000 for this purpose and hope to add \$65,000 to this sum, so that with Mr. Rockefeller's contribution, an \$80,000 structure may be erected on the campus. The gift announced today, like most of those preceding it from the same source, is to be devoted mainly to general endowment purposes. Securities to the value of \$2,000,000 are set aside for this purpose, thereby adding \$30,000 to the institution. Of the balance \$155,000 is to be used to wipe out a deficit. The balance is for 1907-8 and \$2,000 will be devoted to the purchase of books, laboratory apparatus and other equipment.

FINANCIAL LEGISLATION.

May be Rivalry in House and Senate To Present a Bill First.

Washington, Jan. 2.—With the approach of the reconvening of Congress there is renewed talk of financial legislation. The house and senate committees will both resume sittings on the subject, and it now looks as if there might be something of a rivalry between the two committees as to which will present a bill.

While the house committee is apparently inclined to what is known as an asset currency, the senate committee is proceeding on the theory that only a very limited list of securities should be accepted for the increased issue to be provided for in the bill.

So far there has been no agreement as to the necessary increase in the volume of the currency, but the inclination of senators seems to be to give it as large an augmentation as the conditions of the banks justify.

Senator Bailey expressed the opinion today that if the bill to be suggested by Republican members reasonably approaches the demands of the Democrats, it will be passed without extended opposition. He declined to give his view of what its character should be.

CHRISTIAN PSYCHOLOGY.

Bp. Fallows Overwhelmed With Applicants for Treatment.

Chicago, Jan. 2.—Bishop Fallows began tonight at St. Paul's Reformed Episcopal church his demonstration of the efficacy of Christian psychology as a method of curing mental diseases. He was overwhelmed with applications for treatment that in place of giving individual treatment he was compelled to treat his "patients" in a measure en masse. More than 130 persons appeared at the hour appointed for his demonstration. After outlining briefly what he deemed to be the limitations of the psychological method, Bishop Fallows gave private interviews to those with whom he had appointments and invited the others to come at a future time.

In outlining the plan, he made it plain that the suggestion must not be confused with an attempt to eliminate the physician's skill. He said that the physician and the clergyman must work hand in hand. He read letters which he had received asking for aid. One was from a medical student in Baltimore. "If the writer of this letter were here tonight," said the bishop, "it would do him much good. None of you here but has had a doctor at one time or another. The influence radiated during this meeting. We are all subject to impressions which alter the current of consciousness and which so render the atom. A recognition of this is at the bottom of my method."

REV. WM. H. SHAEFFER FOUND GUILTY BY TRIERS.

Philadelphia, Jan. 2.—The nine "triers" appointed to hear charges preferred against the Rev. William H. Shaeffer, presiding elder of the west district of the Philadelphia Methodist Episcopal conference, returned a verdict tonight that he was guilty of the charges. The charges were made in a letter to the nature of the charges, it is believed that Dr. Shaeffer is charged with "conduct unbecoming a minister" in his relations with Mrs. Martha Delchey, postmistress of Morgantown, Pa. The "triers" simply decided that the charges had been substantiated and Dr. Shaeffer is suspended from all ministerial services and all church privileges pending the meeting of the Philadelphia conference in March, before which he will be formally tried.

The charges against Dr. Shaeffer are based principally upon the finding of an unsigned letter, which it is alleged he received from Mrs. Delchey while he occupied rooms at the home of Mrs. L. M. Shaw in this city. Dr. Shaeffer and his friends contended that the letter was not written by Mrs. Delchey, as alleged.

Dr. Shaeffer refused to comment on the verdict, though he admitted that the result was a surprise. The case has been the sensation of the year in church circles.

EXPLOSION KILLS WOMAN.

Rochester, N. Y., Jan. 2.—In an explosion that wrecked a building of the Rochester Fireworks company today, one young woman, Sadie Ernest, was instantly killed; a second, Mrs. Lillian O'Connor, recently married, was badly injured that she died at a hospital a short time after being taken there, and May Callaghan was seriously burned, and is expected to recover. The explosion blew out one side of the building and caused the roof to fall in.

PINE FOREST RECORD.

Butte, Mont., Jan. 2.—Supervisor C. C. Hall of the Hell Gate forest reserve, one of the largest on the continent, says today in his annual report, that during the year closed Jan. 1 not \$1 was lost by fire in the reserve. Before the establishment, the loss ran into the hundreds of thousands annually. The loss last year was only \$500.

COL. W. C. GREENE FINED FOR CONTEMPT OF COURT

New York, Jan. 2.—Col. W. C. Greene, president of the Greene Consolidated Copper company, and his fellow directors and officers, were directed by Judge Gleicher in the supreme court today to pay a fine of \$500 for contempt of court. The order was made in the suit of James J. Grant of New York, who holds 130 shares of stock in the Cobro Grand Copper company, which was an Arizona corporation.

Grant asked for the examination of Greene before the trial and also an inspection of the books and records of the companies. Greene appealed from this order and the appellate division, which affirmed the order of the lower court. Grant then obtained another order directing Greene to appear for examination June 17 last, but he did not do so, and an order was obtained from Judge Dayton punishing him for contempt. He was then allowed 30 days in which to appear, but did not comply with the mandate of the court.

The matter of his punishment for contempt of court, and also of his associates, was next brought up before Judge Gleicher, who holds that a single fine of \$500 must be inflicted, for which each defendant shall be severally liable.

JAPANESE RIOT AT VANCOUVER

Men Charged With Attempted Murder of Three Firemen Were Refused Bail.

FEELING IS VERY INTENSE.

Jap Quarter of Town is Practically An Armed Camp Against The Whites.

Vancouver, Jan. 2.—In the police court today H. Nakashei, K. Tanguti and M. Tanowye, Japanese, appeared on a charge of attempted murder in connection with the stabbings of the three firemen on New Year's day. The accused were remanded, bail being refused. Reports from the hospital this evening state that Richard Frost and George Anderson, two of the firemen stabbed, are doing well, but will not be out of the hospital for several days.

The third member of the fire department in the affray, Alexander McDonald, was only slightly cut in the neck, and is able to be about. There is no excitement in the city over the occurrence, it being recognized that one of the firemen pushed another against the window of a Japanese boardinghouse, a spirit of New Year's frolic and broke several panes of glass. The Japanese, hearing the breaking glass, and believing they were to be attacked, rushed out and in great excitement attacked the firemen with knives. Frost's nose was almost sliced off, and his hip, believing they were to be attacked, derson was cut about the neck and arms. McDonald received a slight cut in the back of the neck and ran for police assistance. When the police arrived the Japanese had disappeared. The three men arrested inside the house had blood on their clothing and one had a large knife in his possession. The stabbing affray has not stirred up race feeling in Vancouver, although the attacking by the Japanese of men in the street is considered significant as showing that the whites were not irresponsible rioters, and that the stabbing probably was not justifiable. There is no excitement over the matter and the authorities think there will be none.

FEELING IS INTENSE.

Portland, Or., Jan. 2.—The Oregonian will print the following special from its Vancouver, B. C., correspondent: "While at no stage did the fight between the three city firemen and the Japanese at 2 o'clock New Year's morning, reach anything like the dimensions of the September riots, the incident has revived the bitterest feeling. After all the explanations and apologies made, both civic and governmental, Vancouver has been left with the feeling that an attack such as occurred could be made. All three victims are still alive, though at least two are disfigured for life. Young Frost, a fine looking athlete, had his nose sliced off by one of the sword-like knives of the Japanese. The other men, though fearfully injured, are recovering. McDonald was removed to the hospital with Frost."

The three men, all Canadians and for half their lives residents of Vancouver, were the only white party in the fight. They had been attending a dance and were returning to their station when the trouble occurred. One of the three was undoubtedly under the influence of alcohol, but the incident has revived the bitterest feeling. After all the explanations and apologies made, both civic and governmental, Vancouver has been left with the feeling that an attack such as occurred could be made. All three victims are still alive, though at least two are disfigured for life. Young Frost, a fine looking athlete, had his nose sliced off by one of the sword-like knives of the Japanese. The other men, though fearfully injured, are recovering. McDonald was removed to the hospital with Frost."

There were knife blades flashing everywhere in the dark," said McDonald tonight, in telling of the fight. "It was no fault of the Japanese that we were not all killed. They tried to kill us for we were only three against ten and they knew very well that we were not armed. We simply fought back with our fists with the blood spattering around until we were blinded."

Frost was first knocked to the ground and it was while he was helpless that the Japanese carved up his face. It was merely an accident that they did not cut off his head, for they tried hard enough. I broke free finally and ran toward the alley which ends at the police station. There I met a sergeant and two officers and we went back. The Japanese did not try to justify their presence or their fighting with knives. They simply fled."

Only four Japanese have so far been arrested and all are held on charges of attempted murder. The most serious feature in popular view is that the Japanese section is practically an armed camp against the whites of Vancouver. Two thousand men live together there ready to resent the slightest interference. The present instance is regarded as particularly flagrant because the young men were in uniform with firemen's caps and for aught the Japanese knew they might have been attacking policemen.

The correspondent concludes: "Vancouver has been a little ashamed of herself since the night of the September riot, but the frightful attack of New Year's morning is just now being regarded in some quarters as showing complete justification. There is not any particular danger of another big riot in Vancouver except for just one thing—a murder. That is what authorities are afraid of."

TRADES COUNCIL DISCUSS IT.

Portland, Or., Jan. 2.—A special to the Oregonian from Vancouver, B. C., says: Tonight the Vancouver trades and labor council discussed the Japanese question. There was a large attendance of laboring men. It was seriously proposed that if there was no legal machinery by which the police could go through all the houses of Japanese town to search for knives and revolvers, and thoroughly disarm the Japanese, then the laboring men would arm themselves with revolvers for cases of emergency. The situation is admittedly serious, in the view of the labor men and the assertion was made that the mayor and the civic authorities are fearful to act lest they should offend the Japanese government or the consul. The declaration was made that Powell street is an armed arsenal and that the Japanese are ready to fight with knives and guns at the slightest provocation or excuse.

No resolution was passed on this subject but a resolution was passed, referring to Police Magistrate A. Williams, whose alleged pro-Japanese decision since the September riots were criticized. It was alleged that the magistrate, police and city council are all afraid to act against the Japanese. A committee was appointed to investigate the conduct of the magistrate and demand his dismissal if the charges are found to be true.

OTTAWA NOT ADVISED.

Ottawa, Ont., Jan. 2.—The Dominion government has not been officially advised of the riot at Vancouver. The minister of the interior has asked the details.

The affair is not understood here as to be such as require a report to the Dominion government.

CURTIS GUILD INAUGURATED GOVERNOR FOR THIRD TERM

Boston, Jan. 2.—Curtis Guild, Jr., was inaugurated today for a third term as governor of Massachusetts. The oath having been administered to Gov. Guild and Lieut.-Gov. Draper, the former proceeded to read his inaugural address:

He said in part: "The need of today is peace, and peace with honor—peace between nations, comity between states, good temper as well as honesty between individuals. We must enforce, we have enforced, the law, whether those who encroach upon its provisions are corporations or individuals. If, however, there is a year when it is particularly desirable to avoid recklessly sensational onslaughts on property, shattering public opinion and confidence, curtailing commerce, checking investment, reducing alike the earnings of capital and the employment of labor it is this year 1908."

"The most serious question to be determined at this season is the settlement of the transportation problem of Massachusetts."

Existing law is inadequate to deal with public control of railroads. The Massachusetts railroad commission, the pioneer in state control of public service corporations, should be clothed with ample power. It should at least be given the same control of railroads within Massachusetts that is given to the interstate commerce commission in regard to roads doing an interstate business."

OPPOSITION TO LORD CURZON.

London, Jan. 2.—Considerable opposition has developed to the candidature of Lord Curzon for the vacancy in the Irish representative peers caused by the death of Lord Kilmaine, Viscount de Vesel and Lord Ashton. Curzon had been nominated for the vacancy before Lord Curzon appeared upon the scene, and they show little disposition to retire in favor of a candidate who has no estates in Ireland and who is not especially identified with that country. The question of the eligibility of Lord Curzon for the coveted title also has been raised.

Some votes already have been cast for his opponent and should Lord Curzon obtain a majority of the votes a petition against his return, on the ground of ineligibility, is considered quite possible.

RICHARDSON SHOE CO. FAILS.

Buffalo, N. Y., Jan. 2.—Receivers were appointed today for T. J. Richardson & Co., Elmira shoe manufacturers. The liabilities are said to exceed \$325,000 and the assets are about \$260,000.

ANTI-FUTURES ACT.

U. S. Judge Triebel Upholds it as Constitutional.

Little Rock, Ark., Jan. 2.—Judge Triebel in the federal court here today upheld the constitutionality of the anti-futures act. The court declares that the state did not encroach in enacting the statute as a police regulation to protect the morals of the public. The suit was begun by a Chicago brokerage firm on the basis that the law violated interstate rights.

MUST GO TO FEDERAL PRISON.

Savannah, Ga., Jan. 2.—Dist. Atty. Marino Erwin today notified counsel for Greene and Gaynor, who are in jail at Macon, that the prisoners will be taken to the federal prison at Atlanta on Jan. 10.

CHARLES BECKER A SUICIDE.

Shot Himself in the Mouth After Holding a Family Conference.

Belleville, Ill., Jan. 2.—Charles Becker, 67 years old, formerly state treasurer of Illinois, committed suicide at his home today by shooting himself in the mouth. The suicide followed a family conference attended by three of his four children. Becker's first wife died two years ago. Last June he was married to Mrs. Frank Esphenalm. It is said that the family conference was held today to discuss the disposition of Becker's estate as a result of his second marriage. Mrs. Becker was visiting friends in St. Louis at the time of the conference.

Mrs. Berta Orr of Chicago, wife of the former minister to Venezuela, said that one of the children present, found Becker's body on the floor of his bed, room with a revolver at his side. The other children present were Arthur Becker, a lumber dealer of Little Rock, Ark., and Gustave Becker of Belleville. The eldest son, Casimir Becker of Osceola, Ia., was not able to reach the home with his father. Coroner Irwin gave a verdict of suicide.

side after taking the testimony of members of the family, but he declined to make public the testimony. Becker was a director in the First National bank of Belleville and in the Belleville Stove & Range company. Becker was born in Germany and served throughout the Civil war as a volunteer.
